Sunday, 01 November 2026 · **NOV I Accord** · Mithankot D/S (approach) **55,000** cusecs

TODAY REGULATION PLAN — Guddu, Sukkur, Kotri

The upstream arrival, withdrawal and downstream flow recorded at each barrage, against the condition it must hold.

Barrage	U/S	Withdrawal	D/S	Condition
GUDDU	—	—	—	maintain **100,000** D/S or more **awaiting flow**
SUKKUR	—	—	—	maintain **45,000** D/S or more **awaiting flow**
KOTRI	—	—	—	**9,600** (Maintain Against Accord) **awaiting arrival**

All figures in cusecs.

- **U/S:** upstream flow recorded at the barrage today.
- **Withdrawal:** water withdrawn today (U/S – D/S).
- **Condition:** judged on the gauge — Guddu/Sukkur maintain their D/S floor; Kotri meets demand when U/S covers the Accord.
